

Areas and Stakeholders in Cooperation

International Competence Development in Technical and Vocational Education and Training (TVET)

The training aims to empower the target group to improve demand orientation, effectiveness, and efficiency of the TVET system by establishing and improving cooperation between TVET institutes and the business sector.

Participants will get a basic training on how to initiate, plan, conduct and evaluate training cooperation with state-owned or private companies.

Content, elements, format, and duration can be customised to the respective needs

This topic includes the following courses:

- Sample Course 1: Linking TVET institutes with the private sector
- Sample Course 2: Empowerment of stakeholders from the business sector in priority topics

The courses can also be combined into one course to connect TVET institutes with the private sector directly during the training.

Learning outcomes

On completion of the training, participants can

- identify suitable cooperation areas and partners
- name the different areas, types, costs, and benefits of cooperation
- analyse key elements, scope, requirements, benefits, obstacles, and stakeholder interests of cooperation
- proactively establish, organize, and develop cooperation between their TVET institution and (local) companies

Contents
