

Assessment, Testing, Examination and Certification in TVET

Sample Course 1: Methods to Assess Competencies

The course aims to empower teaching staff of TVET institutions and companies to assess, test and examine competences and related knowledge, skills and attitudes. It guides the participants through the different areas and methods of competence- and work-based assessment and enables them to plan, prepare, conduct and assessments. Furthermore, the different ways and processes of certification are described.

Content, elements, format and duration can be customised to the respective needs

Learning outcomes

On completion of the training, participants can

- discuss the different areas and methods of assessment and their pros and cons
- explain the assessment and certification process and relevant steps
- plan, conduct and evaluate competence-based and work-related assessment
- create proper certification documents and competence descriptions
