

TVET for Sustainable Development

Sample Course 2: National Action Plan on Greening TVET

TVET plays a key role in implementing the vision of sustainable development (SD) in economy and society. However, TVET can only meet this requirement if TVET for SD (Greening TVET) is strategically and structurally anchored in the respective national TVET system. Based on given framework structures participants will be coached to design and disseminate country-specific National Action Plans (NAPs) on TVET for SD.

- **Content, elements, format and duration can be customised to the respective needs**

Learning outcomes

On completion of the training, participants

- are able to explain the importance of NAPs for the strategic implementation TVET for SD
- have drafted and implemented a concept on informing and involving relevant stakeholders
- have developed a review on points of reference for TVET for SD
- have drafted a country-specific NAP
- have drafted a dissemination concept
