

Greening TVET Institutions

Sample Course 1: Greening TVET Institutions – Characteristics & Approach

TVET institutions are requested to transform themselves into sustainable learning venues. With reference to the relevant international activities, the participants will learn what requirements are placed on sustainable learning locations, what features characterise a green TVET institution and what conditions must be created. They will also learn how to apply the Greening TVET institutions approach.

- **Content, elements, format and duration can be customised to the respective needs**

Learning outcomes

On completion of the training, participants

- are able to name international activities and approaches on transforming learning venues towards sustainable development
