

Greening TVET Institutions

Sample Course 2: Greening TVET Institutions – Reference Systems

TVET institutions are requested to transform themselves into sustainable learning venues. This course is about reference systems which can be useful to implement green issues in TVET institutions systematically. The participants will become familiar with the environmental management system according to ISO 14001, the most popular standard worldwide. In addition, the participants will get to know, evaluate and learn to apply two sector specific approaches with the Eco Schools programme and the concept "Vocational Colleges towards SD".

- **Content, elements, format and duration can be customised to the respective needs**

Learning outcomes

On completion of the training, participants

- are able to name the requirements of the ISO 14001 and ISO 50001
- are able to describe the Eco Schools programme
- are able to describe the concept "Vocational Colleges towards SD"
- are able to compare commonalities and differences between the three systems and the greening TVET institutions approach
- are able to apply elements of the three reference systems in the transformation process of a TVET institution

Contents

- ISO 14001 (Environmental Management System) and ISO 50001 (Energy Management System)
- Corporate Social Responsibility (concept and selected internationally recognized reference documents)
- Eco Schools Programme
- Vocational colleges towards SD
- Relevance of the presented reference systems for greening TVET institutions

Formats

Virtual format learning implemented with following methods:

- Online seminar
- One-on-on mentoring
- Individual work
- Cooperative work

Language

- English
- German
- Upon request: other languages with interpreters

Target groups

- TVET teachers
- TVET experts
- TVET management staff
- Decision makers from relevant ministries, authorities and institutions
- Private sector stakeholders (from all occupational fields)

Participation requirements

- Participants are recommended to have attended the course "Greening TVET institutions: Characteristics and Approach"

Duration

- 60 hrs: 40 hrs (4 weeks) training plus 20 hrs self-work

Certificate

The participants will receive a certificate of participation after successful completion of the course.
