

# Modern Teaching and Learning

## Sample Course 1: Competence-Based Education and Training (CBET)

The aims to empower teaching staff of TVET institutions and universities to improve their teaching and learning methodology by introducing them into the concept and philosophy of CBET, which is the fundament for all modern TVET approaches, methods and standards. It focusses on the transformation from traditional input-oriented teaching and rote learning to more modern, effective and outcomes-oriented approaches, focussing on the students, their learning outcomes and the world of work.

**Content, elements, format and duration can be customised to the respective needs.**
